generations in the building trade — one family, one name on the door.

OUR STORY

A family trade, not just a firm.

Building has been our family's work for three generations. The craft was learned on site — how a wall is set true, how wood is chosen, how a ceiling should catch the evening light — and handed down from one generation to the next.

Mahesh Services carries that forward today. We come to your site, listen to how your family actually lives, and build it properly: the civil work behind the walls and the interiors you see every day.

Most of our work comes the old-fashioned way — from families we have already built for, telling the next one.

WHAT WE DO

Civil and interiors, under one roof.

01
Modular Kitchen & Furniture
Kitchens planned around how you cook; wardrobes, beds, display units and storage made to fit.

02
Construction & Development
New builds, extensions and renovations — structure, masonry, flooring and finishing.

03
Swimming Pools & Solar
Pool construction and solar installations, planned with the rest of your civil work.

04
Consultancy
Honest advice before you spend — layout, materials, budgets, and what is worth doing.

05
Services
Repairs, modifications and upgrades to existing homes and offices.

06
AMC
Annual maintenance so your premises stays the way it looked on handover day.

Turnkey: you hand us an empty space, we hand back a finished home.

FEATURED PROJECT

Walk through a home we completed.

A complete residence, done turnkey — from the carved entrance door to the balcony garden. Every room was planned around the family who lives in it: where the children read, where the elders sit for pooja, where everyone gathers to eat.

Interior & civil execution by Mahesh Services

THE WELCOME

An entrance that says “this is home.”

A full-height wooden door with brass elephant handles and bells, a matching console and a hand-lettered Marathi nameplate.

THE LIVING ROOM

Space for the whole family.

Recliners for movie nights, a sculpted relief wall, backlit niches for brass and keepsakes, and a cove ceiling that glows rather than glares.

THE HEART OF IT

A jhula, because some things should stay.

A traditional wooden swing beside a carved stone-finish wall — a modern home that still feels like the homes we grew up in.

DINING & KITCHEN

Where every meal is planned around.

A lotus-motif wall frames the dining table. A modular kitchen that is easy to keep clean, with a place for the family's copper and brass.

ROOMS FOR QUIET

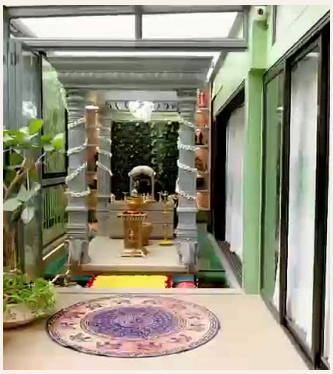

A reading nook and a place to work.

Floor-to-ceiling shelves with a low cushioned seat for long afternoons, and a live-edge wooden table for work and music practice.

THE BALCONY

A garden and a pooja corner, in the city.

Planters, cane seating, a rangoli spot and a carved pooja space looking out over the trees.

BEDROOMS

Each room made for the person in it.

A calm master bedroom with a backlit headboard wall, and a child's room with a hand-finished heart mural and space for every doll and teddy.

HOW WE WORK

Simple, honest, and you always know who to call.

01

We visit & listen

We see the space and understand how your family lives before suggesting anything.

02

Plan & estimate

Layout, materials and a clear estimate — you know what you get and what it costs.

03

Build

Civil and interior work run as one job, with one point of contact from start to finish.

04

Handover & after

A finished home, kept that way with our AMC and service support.

OUR PROMISE

We build it like it's for our own family.

You talk to the owner, not a call centre. And we don't disappear after handover.

WHY FAMILIES CALL US

Three generations of know-how, one point of contact.

Three generations of experience
Know-how you can't learn from a catalogue.

Civil + interiors together
No gaps between contractors, no blame passed around.

You talk to the owner
Mahesh is personally reachable on the numbers below.

We stay after handover
Service visits and AMC for the years that follow.

Come over for a chai, or we'll come to you.

A new flat, a bungalow, an office or just a kitchen that needs redoing — a call or a WhatsApp message is all it takes to start.
